

LKHAS

Corona Virus Workshop

I am pleased to enclose the following information on the Corona Virus Workshop. Please find for your attention course syllabus and objectives

Aim

"Provide people (including workers and others) with information on procedures, guidance or ways of working that have been introduced"
Source HSE

The purpose of the training course is to explain how we can protect ourselves and others from the spread of corona-virus (COVID – 19) in your workplace.

Course Duration

The workshop will be1hour in duration, allowing 5 sessions per day to be delivered throughout the day. This will encourage smaller groups allowing social distancing, and flexibility for the client in planning attendance.

Course Syllabus

- Historical overview
- Origins of COVID 19
- Statistics
- Health Effects
- At risk groups
- HSE Guidance and employers' responsibilities
- Assessing risk
- Talking with the workforce
- Who should go to work?
- Protecting people who are at high risk
- Getting in and leaving work
- Work area
- Moving around
- Common areas
- Good hygiene
- Further information and guidance
- PPE correct wearing and limitations

A short multi choice assessment will be completed at the end of the presentation

Certification

Delegates will receive an attendance certificate issued by LKHAS

iosh Chartered Safety and Health Practitioner
